Official representatives from government departments from six top educational destinations-the USA, UK, Germany, Australia, New Zealand, and Japan-met with students and parents in person and provided reliable and pertinent information about studying abroad.

Among our distinguished panel of speakers were:

- **Ms. Rupali Verma** – EducationUSA (United States)
- **Ms. Vishu Sharma** – British Council (United Kingdom)
- **Ms. Rashi Khanduja** – DAAD German Academic Exchange Service (Germany)
- **Ms. Misha Mehrotra** – Australian Trade and Investment

Commission – Austrade (Australia)

- **Ms. Bhupinder Kaur** – Education New Zealand – South Asia (New Zealand)
- **Ms. Priyanka Bangia** – Higher Education Japan (Japan)

The objective, first-hand information provided by government-appointed experts was what really set the event apart. Students learned more about government-funded scholarships, application procedures, academic structures, visa requirements, and overseas student support networks.

The “**Study@Abroad**” Program is a comprehensive initiative that provides:

- Individualized student profile assessments and one-on-one counseling
- Guidance for international assessments like SAT, AP, IELTS, TOEFL and more
- Detailed instructions on university applications and shortlisting
- Soft skills and interview preparation
- Pre-departure orientation for life in a foreign country

**Dr. (Mrs.) Amita Chauhan**, whose vision continues to influence education at Amity that is ready for the future, shared, *“This initiative stems from our deep commitment to prepare students not just for academic success but to thrive as global citizens.”*

The Amity Open House 2025 marks the first step in the Study@Abroad journey, offering clarity and direction to every student exploring international education. The program now paves the way for informed, confident, and well-supported

global aspirations.
