Speaking at the milestone event, **Dr Saundarya Rajesh, Managing Director of Avtar**, said, *"When Avtar was founded 25 years ago, the goal was simple – to help more women begin their careers. But over time, this mission has grown into something much bigger, encompassing research, benchmarking, countless partnerships, and the complete redesign of systems to remove bias. Now, we celebrate 25 years of careers rebuilt, lives transformed, and workplaces changed for the better. Today's award winners – second-career women, alumni of Project Puthri, along with every Avtarite, stand as powerful examples of Avtar's impact. Congratulations to all the winners! Your resilience truly reflects the spirit of Avtar. As we look ahead, we remain committed to building inclusive workplaces and taking our model to over 25 cities by 2030. This is only the beginning."*
