

BPCL Launches “Emerge” Cohort under BPCL Ankur Fund to Foster Innovation in Energy Efficiency and City Gas Distribution

Category: Business

written by News Mall | March 20, 2025

The graphic is a promotional poster for the BPCL Ankur Fund's 'Emerge' cohort. It features a light blue background with a green and yellow bokeh effect. At the top right is the 'ankur' logo with the tagline 'energising startups'. The central focus is the 'emerge' logo, which includes a lightbulb icon with green leaves growing from it, and the tagline 'Fueling Innovation through Startups'. Below this, it states 'BPCL Ankur Fund invites startups to innovate and transform across the following themes:'. Two themes are listed in green rounded rectangles: 'Energy Efficiency' (Process improvement, Waste heat recovery & energy recycling) and 'City Gas Distribution' (Better CNG experience, Last-mile PNG connectivity, Advanced safety & AI-driven project management). At the bottom left, a white box contains the text 'For more details and to apply, please visit <https://startup.bpcl.in/>' and 'Application Deadline: April 10, 2025'.

- The deadline for submission of applications is 10th April 2025

[Bharat Petroleum Corporation Limited \(BPCL\)](https://www.bpcl.in/), a Fortune Global 500 company, has announced the launch of the **Emerge** cohort under the BPCL Ankur Fund to support startups in Energy Efficiency and City Gas Distribution (CGD). This reinforces BPCL’s contribution towards India’s transition to a greener and more efficient energy future through its commitment to fostering sustainability and innovation in the oil and gas

sector.

BPCL Launches “Emerge” Cohort under BPCL Ankur Fund to Foster Innovation in Energy Efficiency and City Gas Distribution

Since its inception in 2016, BPCL through its startup initiative ‘Ankur’ has supported 30 startups with grants amounting to approximately Rs. 28 crores.

With the launch of the Emerge cohort, BPCL through its ‘BPCL Ankur Fund’ aims to make investments in startups that have developed a Proof of Concept (PoC)/ prototype/ Minimum Viable Product (MVP), or fully implemented solution in the Oil & Gas sector or any other industry and are now ready to expand into Oil & Gas.

The applications for the Emerge cohort are open for startups across two key themes: Energy Efficiency and CGD. The Energy Efficiency theme focuses on innovative solutions that optimize energy consumption, enhance sustainability, and reduce greenhouse gas emissions within the oil and gas sector which includes advancements such as AI-powered energy management, predictive maintenance of equipment, heat transfer optimization, waste heat recovery solutions etc.

Under the City Gas Distribution theme, applications will focus on cutting- edge technologies that enhance customer

experience, operational efficiency, safety, last mile connectivity and project execution.. It includes solutions like smart metering, pipeline monitoring & leak detection, predictive maintenance, AI-driven project execution tools etc. These themes align with BPCLs commitment to fostering a sustainable and technology-driven energy ecosystem.

BPCL Ankur Fund invites applications from eligible early-stage startups that are working under the specified thematic categories. Selected startups can receive investment of up to Rs. 5 crores through funding modes such as equity, Compulsory Convertible Preference Shares (CCPS), etc., with a maximum stake of 20%.To know more, please visit: startup.bpcl.in

About Bharat Petroleum Corporation Ltd. (BPCL)

Fortune Global 500 Company, Bharat Petroleum is the second largest Indian Oil Marketing Company and one of the integrated energy companies in India, engaged in refining of crude oil and marketing of petroleum products, with presence in the upstream and downstream sectors of the oil and gas industry. The company attained the coveted Maharatna status, joining the club of companies having greater operational & financial autonomy.

Bharat Petroleum's Refineries at Mumbai, Kochi and Bina have a combined refining capacity of around 35.3 MMTPA. Its marketing infrastructure includes a network of installations, depots, fuel stations, aviation service stations and LPG distributors. Its distribution network comprises over 23,000+ Fuel Stations, over 6,200+ LPG distributorships, 500+ Lubes distributorships, 80 POL storage locations, 54 LPG Bottling Plants, 79 Aviation Service Stations, 5 Lube blending plants and 5 cross-country pipelines as on 31.01.2025.

Bharat Petroleum is integrating its strategy, investments, environmental and social ambitions to move towards a sustainable planet. The company has chalked out the plan to offer electric vehicle charging stations at around 7000 Fuel

Stations over next 5 years.

With a focus on sustainable solutions, the company is developing an ecosystem and a road-map to become a Net Zero Energy Company by 2040, in Scope 1 and Scope 2 emissions. Bharat Petroleum has been partnering communities by supporting several initiatives connected primarily in the areas of education, water conservation, skill development, health, community development, capacity building and employee volunteering. With '**Energising Lives**' as its core purpose, Bharat Petroleum's vision is to be an admired global energy company leveraging talent, innovation & technology.
