written by | December 4, 2024

ART Fertility Clinics, a global leader in reproductive medicine, proudly announced the appointment of Dr. Kanimozhi K as a Director at, ART Fertility Clinics, Chennai. A pioneer in

reproductive health, Dr. Kanimozhi brings over 16 years of unparalleled expertise in Obstetrics, Gynaecology, and Reproductive Medicine, further cementing ART Fertility Clinics' commitment to delivering world-class fertility treatments in India.

Dr. Kanimozhi K Joins ART Fertility Clinics as a Director and Clinical Lead

ART Fertility Clinics, established in 2015 as an extension of IVI RMA Global, is a global leader in reproductive medicine and fertility care. With their core ethos, "Science Assisting

Nature,” ART Fertility Clinics specialize in personalized, ethical, and transparent care. Their clinics are backed by advanced genetic testing, proprietary research, and have been internationally distinguished by their cutting-edge infrastructure and highly skilled medical teams.

Dr. Kanimozhi, a pioneer in her field, is the first in India to complete an M.Ch. in Reproductive Medicine and Surgery. Her extensive experience includes reproductive endocrinology, fertility preservation, operative hysteroscopy, and advanced ultrasound techniques, positioning her as one of the most accomplished professionals in the domain.

“Dr. Kanimozhi’s exceptional qualifications and dedication align perfectly with ART Fertility Clinics’ ethos of clinical excellence and compassionate care,” said **Dr. Somesh Mittal, CEO, ART Fertility Clinics, India**, *“Her vision for patient-centred treatments and her groundbreaking contributions to reproductive medicine will undoubtedly strengthen our efforts to help more couples realize their dreams of parenthood.”*

Dr. Kanimozhi’s addition to ART Fertility Clinics, Chennai, marks a significant milestone in the clinic’s mission to redefine standards in fertility treatments. Her role will also support ART Fertility Clinics’ emphasis on research-driven, evidence-based medicine that has resulted in global pregnancy success rates as high as 70%.

“Dr. Kanimozhi’s leadership will further enhance our personalized care approach, which combines cutting-edge technology with empathy and transparency,” said **Dr. Parul Katiyar, Co-Medical Director, ART Fertility Clinics, India**, *“Her expertise in advanced reproductive techniques and commitment to patient satisfaction will elevate the quality of care we offer.”*

ART Fertility Clinics continues to expand its footprint globally and in India, with a presence across 10 clinics in

India and upcoming launches in Europe and Southeast Asia. This appointment underscores ART's dedication to providing comprehensive reproductive solutions while adhering to the highest ethical standards.

Dr. Kanimozhi expressed her enthusiasm and stated, *"It is an honour to join ART Fertility Clinics, an organization synonymous with excellence in reproductive medicine. I am eager to contribute to its legacy of innovative treatments and research to help patients achieve their dreams of parenthood."*

With her leadership, ART Fertility Clinics, Chennai, is poised to set new benchmarks in reproductive healthcare, further advancing ART's mission to deliver compassionate, cutting-edge fertility treatments worldwide.
