

Esaote Installs First Magnifico Vet MRI in Asia Pacific at MaxPetZ Hospital, Greater Kailash

Category: Business

written by News Mall | July 14, 2025

Esaote Asia Pacific Diagnostic Pvt. Ltd., a leading innovator in medical and veterinary imaging solutions, proudly announces the **first installation of the cutting-edge Magnifico Vet MRI** in the **Asia Pacific region** at **MaxPetZ Hospital, Greater Kailash, New Delhi**.

This landmark installation marks a significant advancement in veterinary care, offering a powerful blend of superior image quality, animal-friendly design, and dedicated veterinary applications for advanced diagnostic precision. The Magnifico Vet MRI is specially designed for veterinary use, enabling high-resolution imaging for neurological, orthopedic, and soft

tissue evaluations in small animals – all while ensuring safety, comfort, and reduced stress for pets.

MaxPetZ got their first dedicated Magnifico Vet MRI from Esaote which is considered the first in Asia

Dr. Kunal Dev Sharma, Chief Veterinarian at MaxPetZ Hospital, expressed enthusiasm about the new addition, *"With the Magnifico Vet MRI, we are now equipped to offer our patients world-class diagnostic imaging right here in India. This is a major step forward for veterinary medicine in the region."*

Mr. Dheeraj Nasa, Country Business Director, Esaote Asia Pacific Diagnostic Pvt. Ltd., added, *"This first-of-its-kind installation in Asia Pacific highlights Esaote's commitment to bringing advanced veterinary technology closer to clinicians, helping improve outcomes and elevating standards of animal care."*

MaxPetZ Hospital will also serve as a veterinary reference and demonstration center for MRI applications, training, and collaborative research in small animal imaging.
