

FedEx International Connect Plus Expands Global Reach, Enhancing Access for India's e-tailers

Category: Business

written by News Mall | January 9, 2025

Federal Express Corporation (“FedEx”), the world’s largest express transportation company, has further expanded the reach of FedEx International Connect Plus (FICP) in India, now connecting customers to a wide range of destinations across the Asia, Americas and Europe. This cost-effective, day-definite international shipping solution is designed to deliver cross-border e-commerce shipments within 3-4 business days*.

FedEx International Connect Plus Expands Global Reach, Enhancing access for India's e-tailers

FedEx aims to empower India's growing e-commerce sector, projected to reach USD 325 billion⁽¹⁾ by 2030. With third-party logistics anticipated to manage nearly 17 billion⁽²⁾ shipments over the next seven years, dependable, flexible, and affordable international shipping has never been more essential. FICP meets this demand by simplifying cross-border logistics and enhancing customer satisfaction with flexible delivery options.

"E-commerce is accelerating cross-border trade, and businesses need smart, cost-effective solutions that expand reach without compromising speed and flexibility," said **Nitin Navneet Tatiwala, Vice President of Marketing and Air Network, MEISA, FedEx.** *"Our focus is on creating efficient, agile supply chain solutions for India's evolving e-commerce landscape. By combining our advanced physical and digital networks, we aim to better serve our customers-especially the small- and mid-sized businesses that drive growth in today's competitive*

economy.”

Other benefits of FICP for E-Commerce

- **Seamless E-commerce Integration:** Easy integration with major e-commerce platforms ensures a smooth, paperless shipping process for businesses and customers.
- **Enhanced Customer Control and Visibility:** Through FedEx Delivery Manager, customers can track shipments and adjust delivery schedules in real-time. Additionally, Picture Proof of Delivery (PPOD)* provides visual confirmation of delivery and reassure recipients that their package has been delivered, boosting convenience and satisfaction.
- **Flexible Delivery Options:** Customers can select from multiple delivery choices, including residential delivery or pick-up at a nearby retail location or locker.
- **Weekend and Evening Delivery~:** Enables delivery at times that best suit customer schedules, avoiding delays.
- **Added Savings^:** Includes waivers on the ‘Residential Delivery surcharge’ and the ‘Remote Area Delivery’ surcharge, providing additional cost savings for businesses.

FedEx also supports global commerce with a suite of digital solutions designed to streamline logistics. Tools like [FedEx Delivery Manager](#), [FedEx One Stop Shop](#), and the [FedEx Import Tool](#) simplify processes with centralized documentation, online payment options, and customized delivery preferences, further enhancing the value and convenience for businesses looking to expand their international reach.
