Great Place To Work is the global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

"Great Place To Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience," says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place To Work. She emphasizes that Certification is the sole official recognition earned by the real-time feedback of employees regarding their company culture. "By successfully earning this recognition, it is evident that fischer India stands out as one of the top companies to work for, providing a great workplace environment for its employees."

Reflecting on this achievement, **Mr. Mayank Kalra, Managing Director of fischer India**, shared, *"We're proud to be certified as a Great Place to Work for the third consecutive*

year – a testament to the exceptional culture we've built, grounded in trust, collaboration, and a people-first mindset.

Our commitment to employee growth is reflected in initiatives like the Talent Assessment Centre (TAC), Talent Development Centre (TDC), Product Competence Training, and the Leadership Development Program under the umbrella of fischer India Academy. These programs foster a culture of recognition, transparency, and continuous learning.

*This recognition highlights the strong culture we've created, perfectly aligning with both our leadership development focus and the **global vision** of fischer – to empower and develop our people across all regions."*

*As our owner, **Prof. Klaus Fischer**, says, "Our greatest assets are not our facilities and buildings, but our employees. This belief drives our dedication to training and development, essential to our long-term success.*

Thank you to every team member and our Board for believing in our vision. Together, we're not just building a business – we're building a great place to work."
