

From the Lap of a Mother to the Lap of Kiya – A Journey of Care from Preschool in Vizag to K-12 in Hyderabad

Category: Business

written by News Mall | September 9, 2025

Kiya World School announced the upcoming launch of its inaugural care-first campuses in Vizag and Hyderabad. With iSpectrum Curriculum, inspired by IB framework, the debut school offers child-first approach to families looking for both peace of mind and strong learning outcomes. The Hyderabad campus will serve Pre-Nursery to Grade 7, while the Vizag campus will focus on Early Years-offering parents a seamless, nurturing start and children a joyful path to confident learning.

"At Kiya, the transition from the lap of a mother to the school must be warm, safe, and joyful," said Ms. Indu Madhavi, the Academics Head, [Kiya World School](#). "Parents can count on care, transparency, and measurable outcomes-while children experience curiosity, creativity, and confidence every day."

[Kiya's iSpectrum Curriculum](#) blends Montessori, Reggio Emilia, play-based and inquiry-led learning with Social and Emotional Learning (SEL) and technology, benchmarked to global standards (IB influence), to nurture confident communicators, creative thinkers, and compassionate leaders. Vizag campus features nature-inspired, open, airy classrooms with dedicated **"wonder corners,"** while Hyderabad campus is centrally located with a state-of-the-art design, expansive indoor-outdoor learning zones, smart-enabled classrooms, and a wide range of co-curricular opportunities.

Parents can count on safety and trust through CCTV-enabled campuses, controlled entry, GPS-tracked transport, age-appropriate infrastructure, weekly progress dialogues, and an 12:1 teacher-student ratio in the preschool with personalised pathways-underpinned by research-driven practice, continuous teacher training, and an on-campus infirmary with trained wellness staff. Children begin with a care-led start that prioritises gentle transitions, inquiry-rich, play-based learning that builds problem-solving, balanced academics with creativity and movement, daily SEL and mindfulness, and smart, developmentally appropriate technology.

Ms. Indu Madhavi further added that, *"Education at Kiya is not about memorising lessons; it's about inspiring futures. We innovate with care and prepare every child for a global tomorrow."*

Admissions timelines, campus tours, and family experience days for Vizag and Hyderabad will be announced soon. We are now inviting expressions of interest from parents searching for a '[preschool near me](#)' option in their location.

Because education should not just prepare children for school-
it should prepare them for life.
