As matcha rapidly gains popularity in India-especially among professionals, fitness enthusiasts, and young parents-Got Tea is on a mission to make high-quality, authentic matcha more accessible. Sourced directly from Shizuoka, Japan, Got Tea's matcha maintains a consistent flavor profile while remaining affordable. The brand envisions making matcha an everyday ritual rather than a luxury, reflected in its diverse menu in Bangalore-which includes offerings like Matcha Lemonade, Vanilla Bean Matcha, and desserts such as Matcha Cookies and Financiers.

Founded by three high school friends-Yu Sung, Armaan, and Joseph-Got Tea was born from a shared passion for introducing India to authentic Asian tea culture, with its rich flavors and heritage. Since its inception, Got Tea has received an overwhelmingly positive response across its Delhi-NCR outlets. Customers appreciate the cafes warm, cozy ambiance, customizable beverages, and high-quality matcha, which has helped overturn the stereotype of matcha being bitter or tasteless.

Yu Sung Eo, Founder of Got Tea, expressed his excitement about

We're excited to share our passion for authentic, handcrafted bubble tea with a whole new community, and we can't wait to see Bangaloreans make Got Tea a part of their everyday moments."

Located in the bustling neighborhood of Kalyan Nagar, the cafe offers a cozy, modern ambiance-perfect for casual hangouts, work sessions, or simply unwinding with a delicious cup of tea.
