Celebrated Worldwide, Loved in India

The HONOR 200 has received widespread praise for its studio-quality portrait photography, immersive AMOLED display, and AI-enhanced performance. The device has quickly become a top choice for users seeking premium smartphone features at an

accessible price point.

With the recent HONOR MagicOS 9.0 upgrade, users can now enjoy an even smoother experience with enhanced AI features, improved camera capabilities, and smarter system-level optimization.

"The HONOR 200 embodies our vision of delivering flagship-level innovation at an accessible price for Indian consumers. MagicOS 9.0 marks just the beginning-bringing a refreshed user experience, intelligent AI enhancements, and improved camera and performance capabilities. We remain committed to deepening our presence in India and will soon introduce more customer-centric initiatives and offers tailored for our users here," said **CP Khandelwal, Brand Custodian, India Business (HONOR)**.

Why Consumers Love the HONOR 200:

- **Studio-Level Photography:** AI-powered portrait mode and high-resolution imaging
- **Optimized Battery Life:** All-day usage with fast charging support
- **Immersive AMOLED Display:** Rich colors and ultra-smooth viewing
- **Upgraded to MagicOS 9.0:** Smarter UI, improved performance, and enhanced AI functionalities
- **Elegant Design:** Lightweight, sleek, and crafted for modern users

"HONOR has made significant strides in the European smartphone market, climbing to the 4th position with a remarkable 20% year-on-year growth, as per Counterpoint's latest report. This achievement reflects the brand's growing global momentum and strong product-market fit," said **CP Khandelwal, Brand Custodian, India Business (HONOR)**.

“As we prepare to expand our portfolio in India, our top priority remains to ensure seamless support and trust for our existing user base across the country.”
