But the real magic comes from the four bonus modes that can trigger during regular spins-each one offering an exciting way to boost your winnings:

Introducing Fortune Crystal on Parimatch: New Game with 4 Bonus Modes

1. Respin-One More Chance to Win

When two reels land with the same symbols (or Wilds), Fortune Crystal automatically triggers *Respin Mode* on the third reel-giving you a free second chance to complete the winning line. For example, if two reels land with golden stars, the third reel spins again. If a third star appears, you win!

2. Multiplier-Full Screen, Bigger Win

When all three reels are filled with the same symbol or Wilds, the Multiplier Feature kicks in! You'll see multipliers up to 10 appear around the screen-and one lucky multiplier will be chosen to boost your win.

Got a full screen of bells Boom! If the final multiplier is 5, your payout gets 5 bigger instantly. It's your ticket to turning a good win into a mega win-just one full screen away!

3. Crystal Joker-Surprise Wins up to 10,000

Land 2 or more *Crystal Jokers* anywhere on the reels and get a surprise multiplier-no winning line needed!

- 2 Jokers: Win between 2 and 10,000
 - 3 Jokers anywhere: Win between 100 and 10,000
 - 3 Jokers in a row: Win between 1,000 and 10,000
