Fast Track: E-Go-Karting Track at Kandima Maldives

A new wave of travel is emerging where experiences, not just destinations, take centre stage. With global education tourism projected to reach \$1.3 trillion by 2033, travellers are increasingly opting for immersive getaways that combine fun with personal enrichment.

Kandiland: Kandima's Kids Club

From exclusive DJ masterclasses and high-octane karting experiences to interactive art workshops, "Summer Kamp" 2025's interactive itinerary promises guests an unforgettable blend of entertainment, learning, and memory-making, tailored to guests of all ages.

An Unparalleled Summer Line-up

Paintheads – Masters of Sensory Art Exploration

Mumbai-based art innovators and co-founders of Paintheads, Kunj Mehta and Rushil Sheth, bring their boundary-breaking workshops to Kandima's vibrant KULA Art Studio and iconic Breeze Pool Bar from 30-31st August. With a focus on immersive, hands-on creativity, the duo will lead a series of signature sessions designed to help children turn their island experiences into expressive, memory-laden artworks.

Through their acclaimed formats like Island Impressions and Unmasked, kids will be guided to transform the sights, sounds, and textures of the Maldives into layered, mixed-media pieces. From masking tape techniques to using travel memorabilia for collage art, each activity offers a unique way to unplug from screens and reconnect with nature, self-expression, and imagination. These are joyful, sensory storytelling sessions that promise to leave participants with treasured keepsakes and lasting memories.

Craft India Collaborative – Shaping Stories Through Clay

Celebrated for her contemporary revival of Indian crafts, Garvi Kotak, founder of Craft India Collaborative, will lead a vibrant sculpting series from 15-17th August at Kandima's KULA Art Studio. Across three unique workshops, guests will be guided through the tactile art of clay sculpting, using everyday inspirations to mould beautiful, expressive pieces by hand.

Each hour-long session will explore a different theme, encouraging young creators to turn ordinary moments into extraordinary forms. While the foundation remains in pottery, the outcomes are shaped entirely by imagination-making each creation a one-of-a-kind masterpiece. With a blend of tradition, play, and creativity, these workshops offer a grounded yet inspiring way to experience the magic of Indian craftsmanship.

A Celebration of Sound & Speed

For motorsport enthusiasts, Formula 2 champion and rising F1 star Théo Pourchaire will take guests on an adrenaline-fueled karting journey from 1-4 August, hosted at Kandima's newly launched, professional grade e-Go Karting course, Fast Track. Formula 2 and Formula's youngest ever race winner, Théo will host a series of interactive workshops, Karting 101, meet and greets, and a Time Trials Challenge, where guests will have the chance to compete for a spot in a thrilling final race alongside the young racing star himself. He'll also offer guests an exclusive day-in-the-life insight into the fastest growing sport in the world, with a Q&A session.

Beyond the track, Théo will also lead a Kart Craft session at Kandima's KULA Art Studio, where guests can design their own miniature karts or helmets, with the best submission winning an exclusive resort

Adding to the experience, Kandima's vibrant Breeze Bar and Fast Track circuit will host a dynamic mix of music and motorsport. Jaguar, acclaimed British DJ and BBC Radio 1 host, will lead a high-energy DJ workshop and Q&A session on 24-25 July, where guests can explore mixing techniques and gain behind-the-scenes insights into the electronic music world.
