Conscious greetings on the sacred occasion of Mahasivratri Grand Night – The Great Vigil of Leadership. **The World Yogi Day** movement is proud to announce a series of transformative programs led by Nandhiji, designed to deepen awareness and foster conscious leadership during this sacred window of time.

Maha Sivratratri 2026 – Leadership Of Consciousness

Mahasivratri is the night of Turiya, the field of stillness beyond time, where awareness deepens, perception clarifies, and the mind gently yields to higher intelligence. It is a sacred opportunity to transcend inner limitations and rediscover the natural state of centered presence. Not merely a ritual observance, Mahasivratri is a vigil of heightened awareness where stillness intensifies, distractions lose their hold, and consciousness becomes more accessible. In this sacred space, leadership is refined at its true source – inner clarity.

Complementing this journey, the 108 Kshetras of Lord Siva, traditionally associated with pilgrimage, are contemplated as inner landscapes of awareness. Within subtle traditions of insight, they symbolise dimensions of transformation, discipline, transcendence, and awakened spiritual power.

Participants will have access to unique resources, including:

- **108 One minute wisdom videos:** Siddha Wisdom Blessings
- **Master Class with Nandhiji:** Power of the Root Chakra, Pranayama, Mantra Deeksha, and Siddha Wisdom
- **Kalangi Kundalini Yoga DVD:** For vitality, clarity, and spiritual power
- **Additional:** Video recordings of Mahasivratri 2026

Across time zones and traditions, we gather in a shared vigil of awareness, honouring Siddha wisdom while deepening clarity, responsibility, and conscious leadership. May this sacred night awaken stillness, strength, and luminous perception within us all.
