

NFO ends today: Last chance to invest in Bajaj Finserv Small Cap Fund NFO

Category: Business

written by News Mall | July 11, 2025

The Bajaj Finserv Small Cap Fund NFO closes today. This is the final opportunity for investors to consider participating in a fund that aims to offer a chance to explore the small cap space.

NFO Ends Today: Bajaj Finserv Small Cap Fund

An open ended equity scheme predominantly investing in small

cap stocks, this small cap fund invests in companies that rank 251st and beyond in terms of market capitalization on the share market as per SEBI guidelines.

Small cap funds can be a potential opportunity for investors who have a higher risk appetite and a relatively longer investment horizon. The small cap sector includes several growing businesses that have the potential to transform into tomorrows market leaders.

What is a small cap fund

A small cap fund primarily invests in companies that often in their growth phase and may offer a higher upside potential over long term as compared to more established firms. However, they can also carry higher market risks and may be more sensitive to short-term market movements.

The [Bajaj Finserv Small Cap Fund](#) aims to identify businesses that have strong fundamentals but are trading below their intrinsic value due to temporary market shifts. The fund is supported by Bajaj Finserv AMC's proprietary investment philosophy INQUBE that ensures bottom-up stock selection and focuses on companies that have sustainable business models, credible fundamentals, and the potential to scale over time.

Why consider the Bajaj Finserv Small Cap Fund

The Bajaj Finserv Small Cap Fund may be a suitable option for people with a long-term investment horizon through exposure to the small cap space. The fund's investment philosophy helps scout for undervalued opportunities, emerging category leaders in niche markets and companies with strong governance frameworks.

Due to a portfolio that's spread across sectors, it helps mitigate concentrated risk. Additionally, the fund practises careful risk management and aims to potentially vet companies for speculative bets and focus on businesses with clear growth

visibility instead. While the small cap segment can be volatile in the short term, it may help you generate potential wealth in the long term.

As with any equity investment, it is important to assess whether this fund fits into your overall financial strategy and risk appetite.

How to invest

You can invest in the Bajaj Finserv Small Cap Fund online through the official Bajaj Finserv AMC website or via authorised mutual fund distributors. You can invest through direct or regular plans, depending on what suits your investment journey.

To learn more about the process, visit www.bajajamc.com. Units will be offered at Rs. 10 per unit during the NFO period, which may be an entry point for investors looking to potentially build long-term wealth.

Conclusion

As today marks the closing of Bajaj Finserv Small Cap Fund NFO, use this window of opportunity to evaluate its suitability in your portfolio. With a focus on identifying scalability and sustainability, small cap funds can appeal to investors who are seeking long-term growth and have a higher risk appetite. Investors can consider starting an SIP in this scheme. To make an informed decision, they can also consider making use of an [SIP calculator](#). They can also consult an investment advisor before making an investment decision.

Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
