

Oakridge International School, Bachupally Reopens with a Vision to Redefine Education in an Evolving World

Category: Business

written by News Mall | June 25, 2025

Oakridge International School, Bachupally reopened to the cheerful voices of students returning after the summer break. Students came back to more than just redesigned spaces- they returned to a culture of bold thinking, deeply personal learning, and a curriculum that is interdisciplinary and anchored in purpose.

Oakridge Bachupally reopens with a strong vision – Beyond Horizons

In a world evolving faster than ever, Oakridge Bachupally is charting a new course for education—one that goes beyond academics, beyond the familiar, and beyond the now. It marks a renewed commitment to preparing students not just for exams, but for real-world complexity—for the problems that don't have answers yet, the industries that don't exist yet, and the leadership the world will demand next.

"At Oakridge Bachupally, every child is encouraged to look beyond the visible, question the known, and journey into what lies beyond the horizon. With the school reopening, we have opened the gateway to dreams, innovations, and transformation—with a commitment to guiding every student beyond what's expected," said **Ms. Anuradha Varma, Principal at Oakridge International School, Bachupally.**

The academic year ahead promises a dynamic blend of academic excellence, innovation, and character-building experiences that extend far beyond textbooks. With an emphasis on

creativity, collaboration, and compassion, Oakridge Bachupally is no longer just preparing students for the world-they're preparing them to reshape it.

As the school community comes together once again, **Oakridge Bachupally** reaffirms its promise: to walk beside every learner, guiding them towards a brighter future-one they will help shape.
