The conference was focused in laying out the scientific approach of Ozone Therapy in treatment of different diseases. The distinguished speakers elaborated Ozone Therapy's benefits in treating a wide range of health disorders, from chronic conditions like infected wounds, circulatory disorders, and age-related conditions to more serious diseases such as macular degeneration, viral infections, arthritis, cancer, Covid-19, diabetes, circulatory disorders, tuberculosis, etc. Ozone Therapy has thus shown pain relief and healing to countless individuals, proving its immense potential to revolutionize the way we approach healthcare.

The conference began with an engaging keynote by Dr. Re, who provided valuable insights into the clinical applications of medical ozone, highlighting its safety and versatility in treating a range of pathological conditions. The next day, Dr. Umuay delivered an intriguing talk on the fascinating world of Mitochondrial Bioenergetics.

Dr. Mili Shah, President of Ozone Forum of India and Trustee of Bisleri Charitable Trust, highlighted the vast possibilities of Ozone Therapy and thanked the medical fraternity for attending the conference in her statement, *"The conference witnessed diverse perspectives on revolutionary healthcare approaches, from epigenetics and DNA methylation to integrated oncology and pain management. The discussions delved deep into crucial areas including gut healing, infectious disease protocols, autism, neurodevelopmental diseases, cognitive frailty, gynecological disorders, dentistry, and diabetes management. I am grateful to the entire medical fraternity for their overwhelming participation in making our 13th Annual Conference a resounding success. As of today, we have trained more than 3,500 doctors in India & other Asian countries."*

Mr. Ramesh Chauhan, Chairman of Bisleri International Pvt. Ltd. & Bisleri Charitable Trust, in his speech emphasized that, *"We are committed to promoting safe and effective use of Ozone Therapy. In the last few years, Ozone therapy has shown remarkable results in medical and wellness therapies. We have our own state-of-the-art Ozone Centre in Bisleri, where we offer this therapy at cost-effective solution to health problems. In future, we will be interested in more research and clinical developments."*

Dr. D.R. Kaarthikeyan in his comment said that, *"As a patron and a strong believer of integrated medicine, meditation more than medicine and peace for world I believe that selfcare is the important tool to keep our society healthy and only healthy society can build a strong nation, so I urge all to*

join the movement of being healthy and happy. It is our shared responsibility to unite and explore the full potential of Ozone Therapy, ensuring its widespread benefits for the public."

The conference concluded with a renewed commitment to advancing research, education, and practical applications of ozone therapy, promising a future where traditional wisdom meets modern medical science for optimal patient care.
