Parimatch's Exclusive Gaming Lineup: Fire Boom and Coin Train

Holiday Edition

Coin Train Holiday Edition

The beloved instant game Coin Train is ready to celebrate the New Year and Christmas with a cheerful holiday makeover!

Here's a quick refresher on the game rules. Before the round begins, players place their stakes, with the option to wager up to £21,000 per stake. Unlike most instant games, which typically allow up to two simultaneous stakes, Coin Train stands out by allowing PC users to place up to three stakes at once. Mobile players can still enjoy the excitement with up to two simultaneous stakes, ensuring a thrilling experience for everyone.

As the train moves, the excitement builds with the multiplier increasing steadily, potentially reaching 1000x. This means players have the chance to win up to an impressive £63 million in a single round!

What makes Coin Train truly unique is its Safe Zone feature. This exclusive addition activates randomly during a round, guaranteeing a risk-free multiplier for a specified period. The Safe Zone duration is displayed on the screen, giving players a moment of security to enjoy multiplier growth. However, beware-once the Safe Zone ends, the train could crash at any moment, even in the very next second! It's up to you to decide whether to claim your winnings or continue the ride for even bigger rewards.

Looking for a holiday mood boost while chasing big wins? Hopping aboard this festive train is just what you need! With its bright red carriages and gifts piled high, it spreads joy as it rolls through a snowy winter wonderland.

Hurry up, Coin Train Holiday Edition is available only until January 15!

Fire Boom Game: Your Spark to Instant Wins

Another exciting addition to the Parimatch lineup is Fire Boom, the exclusive instant game that's sure to boost your mood and your wallet!

In Fire Boom, the journey begins when you place your stake and set off the firework. PC players can enjoy the advantage of placing up to three stakes simultaneously, while mobile users can place up to two. With a maximum stake amount of €21,000, the potential rewards are just as high-offering winnings of up to an incredible €63 million as the multiplier climbs higher into the sky. The challenge is simple yet thrilling: claim your winnings before the firework explodes.

FireBoom also features the Safe Zone, giving players moments of guaranteed safety where your multiplier increases risk-free. The challenge lies in claiming winnings before the Safe Zone ends or the firework explodes.

With its vibrant energy, dynamic gameplay, and the constant tension of risk versus reward, FireBoom promises an electrifying gaming experience like no other. Are you ready to light the spark and aim for instant wins?
