

Possession to Commence Soon for Migsun Janpath: A Premier Commercial Hub in Lucknow

Category: Business

written by | October 16, 2024

Migsun Group announces that the possession process will soon commence for Migsun Janpath, a strategically located high-street commercial project at Shaheed Path, Lucknow.

Migsun Janpath blends high-street retail, premium business suites, studio apartments, and world-class amenities. Situated near Medanta Hospital, Migsun Janpath enjoys excellent connectivity to key city landmarks, including Lucknow Airport, Ekana Cricket Stadium, and Sushant Golf City. Its 4-sided open plot ensures easy access and high visibility, making it a prime location for businesses and investors.

"Migsun Janpaths proximity to key areas like Charbagh and Hazratganj will ensure a steady footfall which will translate into robust business opportunities, price appreciation and high ROI. Weve designed Migsun Janpath as an integrated space to cater to a wide range of needs, from luxury retail to healthcare services, offering businesses an unmatched opportunity for growth," said **Yash Miglani, MD, Migsun Group.**

Migsun Janpath features high-street retail outlets that includes world-class brands, a food court offering diverse dining options, premium business suites and studio apartments, and a dedicated entertainment zone. Additionally, the project will also have multi-level parking facilities, ensuring convenience for both visitors and tenants, along with 3-tier security, ensuring a safe and secure environment.

With few units still available, Migsun Group also invites buyers and investors to take advantage of this opportunity and

invest in ready-to-move-in iconic retail and business destination.

Migsun Group has delivered over 40 projects across the NCR region, earning a reputation for quality, innovation, and timely project completion. With a robust pipeline of upcoming developments, the Group continues to push boundaries and exceed customer expectations, solidifying its leadership in the real estate sector.
