Introduction

In a significant event held on February 13, the District Hospital in Moradabad conducted an awareness program about social security schemes for individuals affected by HIV/AIDS. This program not only shed light on the various social

security initiatives but also witnessed the Health Department acknowledging the [Kartik Shikshan Sansthan](#) for its noteworthy contributions in the field of HIV/AIDS, Current Program Manager of the Targeted Intervention Project at Kartik Shikshan Sansthan, was personally honored with a Memento.

“Avdresh Kumar Singh expressed his gratitude, stating that this recognition is a result of the collective hard work of all members of the organization and especially Project Director Shri Jai Shanker Sharma . The institute is committed to assisting individuals affected by HIV/AIDS and will continue working in this direction in the future.”

KSS India

The Role of KSS TI Project Moradabad

The Kartik Shikshan Sansthan has been actively involved in projects aimed at helping individuals dealing with HIV/AIDS. Their ongoing Targeted Intervention Project focuses on effective management and support for those affected. Avdhesh Kumar Singh, as the Program Manager, has been instrumental in implementing strategies to address the challenges faced by the affected individuals.

Active Participation

The program witnessed active participation from various entities, including members of the District Legal Authority, District Probation Officer, District Tuberculosis Officer, other officials from the Health Department, social workers, and individuals affected by HIV/AIDS. The conclusion of the event saw a unanimous pledge from all present to spread awareness about HIV/AIDS and extend support to those affected.
