The new campuses are coming up in East, South, South West and West regions of Bengaluru. Ryan Group is investing in Bengaluru's future by expanding access to quality, values-driven education in the city's rapidly growing neighborhoods. The upcoming campuses will cumulatively be spread across 6 lakh square feet and would accommodate 2,000 students each, offering state-of-the-art infrastructure, digital learning environments, and space for co-curricular and sports excellence.

Dr. A.F. Pinto, Chairman Ryan Group of Institutions said,
"Bengaluru is a vibrant and growing city that deserves schools which do more than just educate-they must inspire. At Ryan, we believe in giving children a strong foundation rooted in values, and the wings to fly high with purpose. These schools are a gift to the next generation-a place where they will grow into responsible, confident citizens of tomorrow."

This phase of expansion comes as part of Ryans growth plan in the city. It already runs 10 schools that came up in the last 25 years. These campuses in Bengaluru represent not just growth, but a long-term commitment to shaping responsible citizens through education that balances knowledge with character, leadership with empathy, and innovation with compassion.

With a strong belief of every child deserving holistic

education, the campuses will boast centers of learning where **academics, skills, character, and creativity** will go hand in hand.

Mr. Ryan Pinto, CEO of Ryan Group of Institutions said, *“These campuses are more than buildings-they reflect our vision for education that inspires imagination, builds ambition, and nurtures holistic growth. We want children to feel excited about learning, to discover who they are, and to dream without limits. As we expand our presence in Bengaluru, we remain committed to keeping quality education accessible and meaningful for every child.”*

With over 150 institutions across 40+ cities, the Ryan Group of Schools has been at the forefront of reimagining education in India. Led by Academicians, the group is now entering a bold new phase, as it plans to open over 100 new schools across India and abroad over the next decade, bringing its future-ready, values-led learning to more communities.
