[Sri Adhikari Brothers Television Network Limited \(SABTNL\)](#) (BSE 530943) (NSE: SABTNL) (ISIN: INE416A01044), which is in the process of being renamed “[Aqylon Nexus Limited](#)” subject to regulator’s approval, today announced the execution of a significant Memorandum of Understanding (MoU) with the Government of Telangana for the development of a cutting-edge AI & Hyperscale Green Data Centre Campus in the state.

Under the MoU, the Company will invest INR 4,000 Crores to build a 50 MW, sustainable, next-generation data centre campus spread across approximately 20 acres at Fab City, Tukuguda, a rapidly emerging digital infrastructure hub in Telangana. The MoU was formally executed on 9 December 2025.

This visionary project aligns with India’s accelerated push to become a global digital powerhouse by expanding green digital infrastructure, AI innovation capabilities, and hyperscale data capacity. The campus is expected to support large-scale compute needs, advanced AI workloads, and environmentally responsible data infrastructure.

## Key Highlights of the MoU:

- Project Investment: INR 4,000 Crores
- Capacity: 50 MW AI & Hyperscale Green Data Centre Campus
- Location: Fab City, Tukkuguda, Telangana
- Land Area: ~20 acres
- MoU Validity: Two (2) years from 9 December 2025
- Objective: To build a state-of-the-art AI, cloud, and hyperscale data infrastructure ecosystem in Telangana

## Leadership Comment:

**Mr. Srivatsava Sunkara, Managing Director,** said, *"This partnership with the Government of Telangana marks a transformative leap for our Company as we expand into advanced technology infrastructure. The proposed AI & Hyperscale Green Data Centre Campus will not only bolster India's digital capabilities but also reinforce Telangana's position as a leader in sustainable tech innovation."*

## About Sri Adhikari Brothers Television Network Limited:

Sri Adhikari Brothers Television Network Limited, proposed to be renamed Aqylon Nexus Limited, is evolving into a diversified technology and media organisation with a strategic focus on digital infrastructure, AI ecosystems, and sustainable technology innovation.
