When the power couple MS Dhoni and Sakshi team up, you know something special is in the air-this time, it's all about looking naturally awesome, thanks to Garnier Black Naturals!

In their latest teaser, the playful banter between them steals the spotlight (and your heart). As Sakshi teases Dhoni about his endless candid interviews, she can't help but mention how someone recently asked him how he looks like he's still in his 30s at 43. His response "Hair colour and beard colour". But hold on-Sakshi quickly points out that she's the one who colors his hair, not to be left behind in the credit game! So, when she asks him, "Which colour do you use", Dhoni flashes that signature grin and, in true Dhoni style, says, "I can't reveal all my secrets just yet."

And there it is-the Dhoniverse and its Trusted Secrets that only a select few know! Now, we've all seen MS Dhoni's cool, calculated decisions on the cricket field! But when it comes to his hair, Dhoni's got a winning call off the field too.

And remember, the Dhoniverse and its Trusted Secrets are the key to making every moment feel like a winning streak!
