TimBuckDo and Coversure unveil an affordable INR 299/year wellness plan delivering trusted, judgment-free healthcare support for students across India

With this collaboration, TimBuckDo expands its mission beyond opportunities and income for students evolving into a holistic ecosystem supporting their work, wellness, and everyday needs. The partnership aims to close a critical gap in student life: accessible, reliable healthcare that fits their unique schedules, budget constraints, and well-being challenges.

Designed specifically for college students across India, the wellness plan ensures easy access, zero hidden charges, and complete affordability, empowering students to take charge of their physical and mental well-being.

The student-first wellness plan offers unlimited online consultations with certified general practitioners, along with real doctors on call for instant support whenever students need it. It also provides multi-language consultations, enabling students to speak to doctors in the language they're most comfortable with, while offering holistic wellness guidance across stress, sleep, nutrition, mental health and general well-being. Additional benefits include free follow-

ups and e-prescriptions, along with significant savings such as up to 22% off medicines through Apollo, 1mg and PharmEasy, and up to 30% off diagnostic tests at NABL-accredited labs. Importantly, the plan maintains a 100% student-friendly approach with complete transparency and absolutely no hidden charges, ensuring seamless and affordable access to healthcare and wellness services.

Mythri Kumar, Co-founder, TimbuckDo, said, *"This plan reflects what students genuinely need: simple, accessible, dependable healthcare and wellness that understands their lifestyle. CoverSure shares our vision of student well-being, and together, we're making preventive and everyday healthcare more accessible than ever before. At just INR 299 a year, we're ensuring every student, regardless of background, can put their health first."*

Apoorv Sharma Prasad, Co-founder, TimbuckDo, added, *"Students shouldn't have to choose between affordability and wellness. With this partnership, we're closing that gap. Our goal has always been to empower students not just with opportunities to earn, but with the support they need to stay healthy, confident, and secure. This collaboration with CoverSure is a major step toward building a truly student-centric ecosystem."*

Saurabh Vijayvergia, CEO & Founder, CoverSure, said, *"Students deserve healthcare that is as agile and ambitious as they are, and this partnership with TimbuckDo helps us deliver solutions built around their real needs. Together, we're not only redefining accessible, preventive, student-first healthcare – we're also building greater trust in insurance and wellness among young Indians.
