

Yolo247 Launches Evolution's Marble Race Game

Category: Business

written by News Mall | May 8, 2025

Yolo247, an online gaming platform in India, has recently added Marble Race to its game offerings. Developed by Evolution Gaming, Marble Race is a new addition to the platform's game selection.

Evolution's Marble Race game brings colorful, fast-paced gameplay to the Yolo247 platform

What Does Marble Race Have in Store for Players

Marble Race is a new kind of online gaming. This game is simple, engaging, and fun. It features coloured marbles rolling down a thrilling obstacle course in a race to come first. The outcome is determined by a Random Number Generator (RNG), aiming to ensure fair gameplay.

Adding to the thrills are the rewards available to players. They have the option to choose winners, marble placements, and more. The game has simple mechanics that appeal to new and experienced players.

The introduction of Marble Race showcases Yolo247's focus on next-generation gaming. Indian players now have access to international trends perfectly tailored to local players.

Vinod D'Souza, CEO of Yolo247, commented on the project, "At

Yolo247, we're always looking for ways to improve our players' experience. Marble Race by Evolution is a perfect fit for our audience. It's fun, simple, and filled with plenty of excitement."

Exciting Features of Marble Race

Marble Race has a lot to offer players in terms of design, mechanics, and more.

Dynamic obstacle course:

The marbles have to pass across bumps, textured surfaces, spinning wheels, and pegs before making it to the end. Not only does this make the race completely fair, but these obstacles add excitement to the game and keep players guessing.

Double placement options:

Players can choose the winner of the game or select the winner and the runner-up. This gives players the opportunity to win even greater rewards.

Live statistics:

Every outcome is carefully updated with every round of the game. Players can use this information to determine the next move they make.

Autoplay function:

Playing is made even more fuss-free thanks to the autoplay function. Players have the option to play for several rounds without having to make any new game selections.

Marble Race is now available for users on both desktop and mobile, allowing them to enjoy a new kind of live gaming experience. The game is now live on the site across desktop and mobile interfaces.
